

Ending 2

Anything Box

So you thought it was the end
Well you're wrong once again my friend
Thought I'd hide away my face
Afterall, let the show go on

Everybody has a wish
Everybody has a worth
Everybody has a soul on fire
Everybody has a world without love
Living in oblivion
Everybody has dirt
When we lie...now there's only me making you smile

Say hello to a brand new world
Say hello to a brand new day
Say hello to a brand new me
I'm having fun cause I'm free

Say hello to a brand new world
Say hello to a brand new day
Say hello to a brand new me
I'm having fun cause I'm free

Yes I'm free!
Or am I just dreaming?
I must be dreaming.
