

Wedding Day

Anything Box

Looking out of my window
I could swear I'll feel your hand
Holding mine
On your wedding day

Every time I think of you
I always want to see
The way that you cared for me
On your wedding day

I know you are far away
Somewhere I cannot go
I don't really care
My life's been fair

I can remember all those
Things you said to me
You told me to be happy
On your wedding day

I know what to do
I have to find you
Tell you I was thinking of you
I know what to do
I have to find you
Tell you that I'm happy for you
On your wedding day
