

# Supersonic Sound

Apparatjik

Did you know that you make the most supersonic sound  
In my heart every time that you're around?  
And I can't track you down?

Did you know that you've been led to believe in  
That this happiness you shouldn't be feeling  
Like this love

Did you run 'cause you thought that you didn't deserve it?  
But you knew deep inside that you'd earned it all

Did you know that you make the most supersonic sound  
In my heart every time that you're around  
And I can't track you down

We're both alone tonight  
We're both alone tonight

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

We're both alone tonight  
We're both alone tonight

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

Is that what you wanted?  
Is that what you wanted?  
Did you choose to choose?  
Is that what you wanted?

Did you know that you make the most supersonic sound  
In my heart every time that you're around  
And I can't track you down
