

Dreamland (Everybody's Free)

Aquagen

(feat. Rozalla)

Brother and sister together we'll make it through
Someday a spirit will lift you and take you there
I know you've been hurting, but I've been there waitin' to be t
here for you
And I'll be there, just helpin' you out, whenever I can, oho

Everybody's free to feel good
Everybody's free to feel good
Everybody's free
Everybody's free

We all are a family that should stand together as one
Helpin' each other instead of just wasting time
Now is the moment to reach out for someone, it's all up to you
When everyone's sharin' their hope then love will come true, oh
o

Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good
Everybody's free to feel good
Everybody's free
Everybody's free
