

# Center of the Universe

Aranda

Troubled words, troubled mind, now it's workin over time  
Looking for a place to hide, soon she's gonna break my fight  
She sees the world as undefined and she knows which rules to break  
And if you steal her spot light it's a dangerous game to play

It's easy to cut through my heart when you don't care how much  
it hurts  
It must take so much work to be the center of the universe  
So sadi-i-stic  
The way you plant your  
So sadi-i-stic  
You're the center of the universe

Bang bang you're the best, makes me sorry for the rest  
She likes to make you disappear the closer that you get  
Once I had her in my sights but the hunter became the prey  
The poison in her bite it won't let me get away

It's easy to cut through my heart when you don't care how much  
it hurts  
It must take so much work to be the center of the universe  
So sadi-i-stic  
The way you plant your  
So sadi-i-stic  
You're the center of the universe

It's easy to cut through my heart when you don't care how much  
it hurts  
It must take so much work to be the center of the universe  
So sadi-i-stic  
The way you plant your  
So sadi-i-stic  
You're the center of the universe  
So sadi-i-stic  
The way you plant your  
So sadi-i-stic  
You're the center of the universe
