

# Carry Me On

Arc Angels

Can't go on living in yesterday  
Why do I long to live in yesterday  
Find a way to you  
Find a way to you

I know only you can carry me on  
I know only you can carry me on

I can't replace the feelings of yesterday  
I can't erase the pain from yesterday  
I'll find a way to you  
I'll find a way to you

I know only you can carry me on  
I know only you can carry me on

Find a way to you  
Find a way back home

I know only you can carry me on  
I know only you can carry me on
