Carry Me On

Arc Angels

Can't go on living in yesterday Why do I long to live in yesterday Find a way to you Find a way to you

I know only you can carry me on I know only you can carry me on

I can't replace the feelings of yesterday I can't erase the pain from yesterday I'll find a way to you I'll find a way to you

I know only you can carry me on I know only you can carry me on

Find a way to you Find a way back home

I know only you can carry me on I know only you can carry me on
