

# One for the Road

Arctic Monkeys

One for the road  
One for the road  
From the bottom of your heart  
The relegation zone  
I saw this coming from the start  
The shake rattle and roll

The cracks in black out blinds  
Cast patterns on the ceiling  
But you're feeling fine  
I thought it was dark outside  
I thought it was dark outside

So we all go back to yours  
and you sit and talk to me on the floor  
There's no need to show me round baby I feel like I've been here before  
I've be wondering whether later when you tell everybody to go will you pour  
me one for the road

I knew this would be on the cards  
I knew you wouldn't fold  
I saw this coming from the start  
shake rattle and roll

So we all go back to yours  
and you sit and talk to me on the floor  
There's no need to show me round baby I feel like I've been here before  
I've be wondering whether later when you tell everybody to go will you pour  
me one for the road

The mixture hits ya hard  
Don't get that sinking feeling  
Don't fall apart  
Some out of tune guitars  
Soundtrack to disaster

One for the road  
One for the road  
One for the road

So we all go back to yours  
and you sit and talk to me on the floor  
There's no need to show me round baby I feel like I've been here before  
I've be wondering whether later when you tell everybody to go will you pour  
me one for the road
