

If you got a message
please send me a postcard now
and if you show your feelings babe
my tape machine will get it somehow

if you got a problem
don't't beg the world for help
and if you need somebody babe
i've got a dog who's jobless now

if you got a message
please send me a postcard now
and if you got a vision babe
don't't show that movie in this town

here comes the loser
the master is back - back on the track
