

A Tender Touch

Aretha Franklin

La da da, la di didi
Da da da da, da da
La da da, la da di di
Di di, da da

I don't think I want your tender touch
No baby no, not much
Your kisses land such
Ooo baby
I don't think I really want to feel your lips on mine
Over and over (Ah)
Time after time

Remember a tender touch
Telephone that rings
(Baby) that's all
Ooo honey just call

Darling if you really (oh) knew (Oh)
How much I needed you (Yeah)
And now it really doesn't matter at all
Not when it came (ooo) to something so small

Do you remember a tender touch
Telephone that rings
And that's all
Ooo honey just call

A tender touch
Telephone that rings
My heart sings
The sweet love it brings

And I don't think I love ya
I ain't gon' love you at all (At all)
Ooo baby let's be friends (Come on)
Let's start all over again, yeah

And I don't I think really wanna feel your mellow touch
Ooo baby no not much
Your kisses and such

Do you remember a tender touch
Telephone that rings
And baby that's all
Ooo honey just call (Call me, call me, call me)

Remember a tender touch
A telephone that rings, ooo...
