

# I Wonder (Where Are You Tonight)

Aretha Franklin

Where are you tonight?  
Are you lonely like I am, tonight?  
Have we lied to each other about this affair?  
If so, don't make me suffer, just tell me you still care

Have you cried tears like I have at all?  
And do you wonder as I do, should I call?  
I'll hurt for a lifetime not knowing my fate  
Is there still any hope here or am I too late?

I wonder, I wonder  
Where are you tonight?  
Are you painting the town while I just sit around?  
It's so wrong when you know our love is so right

Have you cried tears like I have at all?  
And do you wonder as I do, should I call?  
I'll hurt for a lifetime not knowing my fate  
Is there still any hope here or am I too late?

I wonder, I wonder  
Where are you tonight?  
I wonder, I wonder  
Where are you tonight?
