

Heart Of A Lion

Ari Hest

I don't wanna know how come
I don't wanna hear you sigh
I'm gonna settle for
"You tried"

I don't wanna break you down
Or dig up the past
All I wanna do is tear
Off the cast

Love is not love
'Til I quit asking why

I just wanna go from here
Proud of what is mine
The heart of a lion

Love, come my way
Love, every single day

I just wanna go from here
Proud of what is mine
The heart of a lion
The heart of a lion
