

# love language

Ariana Grande

Ooh, I know you're probably thinking what's the use  
I promise it's the little things that you do  
That make me want to give it all to you  
You know I do, babe

You soothe me, you hold it down with every word you speak  
Baby, it's been a minute since I had something so sweet

If you gonna keep speaking my love language  
You can talk your shit all night  
You the medication when I'm feeling anxious  
That's the kind of shit I like  
Teach me how to love you, I'm unlearning what ain't right  
I want you to keep speaking my love language  
Baby, talk your shit all night

Why would I double back or do the same thing twice?  
A question, something that I can't deny  
Leave my baggage at the door, I'll claim you mine  
All mine

You soothe me, you hold it down with every word you speak  
Baby, been a minute since I had something so sweet

If you gonna keep speaking my love language  
You can talk your shit all night  
You the medication when I'm feeling anxious  
That's the kind of shit I like  
Teach me how to love you, I'm unlearning what ain't right  
I want you to keep speaking my love language  
Baby, talk your shit all night

Baby, pardon my French  
But could you speak in tongues?  
Never lost in translation  
'Cause you know what I want, boy  
Treat it just like Givenchy  
It's expensive to taste  
Ain't no need to remind you  
It's AG in your face

If you gonna keep speaking my love language  
You can talk your shit all night  
You the medication when I'm feeling anxious  
That's the kind of shit I like  
Teach me how to love you, I'm unlearning what ain't right  
I want you to keep speaking my love language  
Baby, talk your shit all night

Head over my shoes like, "Woah"  
Know you like an inside joke  
Running 'cause you just my speed  
'Less you want it in slo-mo  
I'm not what you had before  
Your ex-girlfriend don't want no smoke  
I ain't tryna sign no lease  
I'm just gon' make you my home
