

# The Drummer

Ariel Pink

Contrary to the law of the land  
Our little drummer, he started a band  
He wrote a beat with the tongue and his teeth  
Keeping time without tapping his feet

Here comes the drummer, drummer in summer  
Here comes the drummer, drummer of love

Groovy clicks make the chicks wanna dance  
One little drummer tried his hand at romance  
He played it cool as he wipes off the sweat  
That cherub heat fails not to get her wet

Here comes the drummer, boy what a wonder  
Here comes the drummer, can't get enough...

Of your love, mmm, oh yeah, hey  
Of your love, mmm, oh yeah, hey  
A drummer for love, uh, oh yeah, hey now  
Drumming for love, mmhmm, aaow!

The drummer came with a kit in his trap  
He broke his stick so he started to rap  
When asked he picked up an answer

Here comes the drummer, thunder n summer  
Here comes the drummer, the drummer of love

Here comes the drummer, he's got the drummer [x3]  
He's got the drummer  
Can't get enough...

Of your love, mmm, oh yeah, hey now  
A drummer for love, uh, oh yeah, hey now  
Drumming, mhmm, drummer  
A drummer you love, mmmmm  
Aaow!

Keep the time and solicit the beat!  
Try keeping time without tapping your feet  
You be the frontman and I'll be your lover  
Now let's groove it, oooh, let's groove it  
Undercover...

Here comes the drummer, we got the drummer [x5]  
Drummer of love

For your love, yeah  
Drummer for love  
Drummer you love [x4]

Drummer, drummer, drummer, drummer...
