

# Reclaiming the Soul

Arise

I've been searching for something so bad  
Wish I had to go somewhere  
In my own world you cannot bring me down  
Been on the run for so long  
Crush the struggle within  
Storming inside  
I'm just a liar full of shit

Something wild  
Something cold  
For my eyes to bleed  
Something bad

Permanently deranged  
Dirty creature  
Get out of here  
Leave it behind  
Stucked to break free

I' ve been on the run  
I've been there to break it down

I' ve been searching something bad  
Wish I had to go somewhere  
In my own world you cannot bring me down
