

## Oceans Away

ARIZONA

I never let  
My guard go down  
But you messed me up  
When you came around  
When the high wore off  
Know you needed space  
But I don't wanna wait  
I don't wanna mistake

Few thousand miles and an ocean away  
But I see the sunrise, oh-oh, just like the other day  
Picture your eyes as I fall asleep  
Tell myself it's alright, oh-oh, as the tears roll by

Ooh, I wish I could feel your face  
Ooh, I'm helpless when I'm oceans away

I never felt  
A room so still  
See the future coming  
Hope it isn't real  
I learned to fake a smile  
As the time runs out  
I don't wanna wait  
Oh, I don't wanna mistake

Few thousand miles and an ocean away  
But I see the sunrise, oh-oh, just like the other day  
Picture your eyes as I fall asleep  
Tell myself it's alright, oh-oh, as the tears roll by

Ooh, I wish I could feel your face  
Ooh, I'm helpless when I'm oceans away  
Ooh, I wish I could feel your face  
Ooh, I'm helpless when I'm oceans away

I'm helpless when I'm oceans away  
I'm helpless when I'm oceans away

Ooh, I wish I could feel your face  
Ooh, I'm helpless when I'm oceans away
