## I'll Be With You Tonight

## **Arlo Guthrie**

It's okay if you're all right
It's good to be here with you tonight
Dressed in moonlight and faded jeans
It ain't no mystery, all it means is
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight

We'll be all right if it's ok
I know I'm crazy but I'm naturally that way
And by the look in your liquid eyes
It won't come as any big surprise but
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight

Everybody's in their own little world And I've been dreaming about you girl I can't believe I'll be with you tonight

I'm here with you, you're here with me
Ain't it wonderful just how good it can be
I don't imagine it gets much better than this
But whatever it was it just got crossed off my list
I can't believe I'll be with you tonight
Can't believe I'll be with you tonight

Everybody's in their own little world And I've been dreaming about you girl I can't believe I'll be with you tonight
