## **Isolation**

## **Armored Saint**

In time we fly In time we die Oh--Oh--Oh
Know what it feels to be lonely
Don't know how it feels to be free
Reacting wild, some moody child
Don't know what's in store for me
Oh--Out in the cold--Isolation
Out on my own--Isolation
Out all alone

Up go the golden mast Float out to sea at last Roamed a thousand miles Still lonesome child But my ship is comin' in

Oh--Out in the cold--Isolation Out on my own--Isolation Out all alone

It's my test No fight with myself I ain't wrong
It's my quest A life with myself I am gone

Oh yea Isolation
Oh yea Isolation
Out in the cold Isolation
Out on my own Isolation
Out in the cold Isolation
Out on my own

Isolation Out in the cold Isolation Out on my own

Isolation Out in the cold Isolation Out on  $\ensuremath{\mathsf{my}}$  own

Isolation Out in the cold Isolation Out on my own
