

# Viva La Liberty

Arno Carstens

I battle bearfoot  
You are riding on a window  
The quieting night  
Ghost of a theory  
Riddle us this  
Keep on waiting  
On goes the gong  
The never-ending song  
The never-ending song  
Somehow, somehow the truth is evading  
Somehow, somewhere the truth is explaining  
Embrace life like a baby  
In the beauty we find a diamond  
It's hidden like a misfit  
Viva La Liberty  
Somewhere someone the question transpires  
So there's a song for every occasion  
Under our spells playing creators  
There's a rainbow of frustration  
Embrace life like a baby  
In the beauty we find a diamond  
It's hidden like a misfit  
Viva La Liberty  
Embrace life like a baby  
Viva La Liberty  
It's hidden like a misfit  
In the beauty we find a diamond  
Viva La Libert...
