

Black Sun

Arthemis

I've seen this place before
My Memories are Dead and Gone once more
I'm falling in Pain
But it's not in Vain (?)
Shivers down my spine
I killing the Ghost inside my Mind
It blows me away, far away

Searching for a Way to cry no more
No more, no more
Someone stop the War inside me
Can you tell me what went wrong
Save me from myself
I am the Black Sun

Pray for my Soul
The Darkness relieve me through the Void
I'm back to the Gate once i've made it

Searching for a Way to cry no more
No more, no more
Lights and Shadows burnalysed me

Can you tell me what went wrong
Save me from myself
I am the Black Sun

Can you tell me what went wrong
Save me i can live no more
No more, no, no more
