

# Claws Of The Devil

Arthemis

Can't you see'  
You're lying in the claws of the devil  
Break the chains  
Or you will be witched by him

Kill the demons, try to win your challenge  
If you'll fight with fear  
Catch the sword and fight for the rebellion  
Your end is near  
Fire in their eyes is like a hurricane  
Escape from Hell  
Escape from the flames of Hell

Oh... Demon of war  
No... Don't take my soul  
God, don't leave me alone  
Devil, I say 'Death to you! '

Anger and revenge  
Are gleaming now in my brain  
Now you will die like the Sun in the night falls again  
You can't destroy me  
I'm mortal, I'm not a fool  
My spirit, my Lord have said 'No mercy for you! '

Now you're free  
Your courage has defeated your fear  
So fly with me  
The voyage to Heaven is near

Kill the demons, try to win your challenge  
If you'll fight with fear  
Catch the sword and fight for the rebellion  
Your end is near  
Fire in their eyes is like a hurricane  
Escape from Hell  
Escape from the flames of Hell

Oooh... Demon of war  
Nooo... Don't take my soul  
God, don't leave me alone  
Devil, I say 'Death to you! '
