

## Fear Of Tomorrow

### Artillery

Iron arms are knockin' you down  
Metal machines destroy your town  
Eyes of steel ignore your prayers  
Metal machines control your ways

Computer brains they steal your life  
Metal machines provoke a fight  
Eyes of steel accept no lies  
Metal machines allow no crimes

We are too blind to see  
What tomorrow would be  
We were too blind to know  
What tomorrow would show

Iron arms create your world  
Metal machines decide your girl  
Eyes of steel ignore your prayers  
Metal machines control your ways
