## **Seventh Seal**

Artrosis

Sleeping angels dream their eternal dreams They'll never rise again to save you from the evil Sleeping angels dreaming their dream

Spread on your hand Holy Book wide open When your hand crushes the seal This gonna be the last of the sunrsets When the sward of the hunger of death

When the earth is crying The sun is hiding its face Moon's bleeding in scarlet When the last seal is breaking up Our time is coming The sky is raining stars

When the earth is crying The sun is hiding its face Moon's bleeding in scarlet When the last seal is breaking up Our time is coming The sky is raining stars
