

Meaning in Tragedy

As I Lay Dying

Yeah

I have traveled so far to find so little
Meaning in tragedy or tragedy
In the search for meaning
Dark clouds have lead me here

Yeah

Confined freedom
Guides us to security
What if everything (yeah)
I have been taught is a lie
And all of my teachers
Have been wrong this whole time

Compelling us to fight
The battles they would not
They have already won
And we have already lost
If we do not learn from their mistakes
We have already lost

Yeah

If we do not learn to change
