

Baby If You Want Me

Asaf Avidan

I know that you ain't just mine, babe
I know that you ain't so good at trying, are you babe?
I know that you're always on the run, babe
I know that you ain't just fun, that's for sure, babe

Baby if you want me, I am yours

I know that you ain't just mine, that's ok babe
I know that you ain't so good at trying, are you babe?
I know I'm a cello, you're a flute, babe
I know that you ain't so fond of roots, that's right babe

Still, baby if you want me, I am yours

You're the wind
I'm just grass
I just grow
You just pass
Baby if you want me, I am yours
