

I See Her, Don't Be Afraid

Asaf Avidan

I see her, I see her, I see her
Coming round the bend
I hear her, I hear her, I hear her
Whispering the end

"Don't be afraid, don't be afraid
You were once dead, you were once dead, you were once dead"

We let go, together we let go
My sublimation of fear
I go wherever her wind blows
Entropic waves in my ear

"Don't be afraid, don't be afraid
You were once dead, you were once dead, you were once dead"

She is dressed as the ocean
And the wildfire's burn
All to her hips shall return

"Don't be afraid, don't be afraid
You were once dead, you were once dead, you were once dead"
