

Bye Bye

Asher Monroe

Hello lover how are you?
Have you been watching the news?
Our world right now seems so confused

So many are just afraid
Fighting, warring, so much pain
So right now I just wanna say to you

We should smell the flowers while we're here
Make more time to love and live
Enjoy life and I know what to sacrifice

But if you don't do it
We'll be just like a bird with it's cage just left open
Our life we watch it go bye bye bye bye bye
Like a balloon with no wind
Takes it over
Our life we'll watch it go bye bye bye bye

And we can never get back that times
No
Merry winter, happy spring
Summer's over
Autumn waits
Sunny days the sky is so close
Blue

We know when it rains it pours
You got my back
I got yours
So right now I just want to say to you

We should smell the flowers while we're here
Make more time to love and live
Enjoy life and I know what to sacrifice

But if you don't do it
We'll be just like a bird with it's cage just left open
Our life we watch it go bye bye bye bye bye
Like a balloon with no wind
Takes it over
Our life we'll watch it go bye bye bye bye

I'm seeing everybody laughs
Everybody cries
Everybody leaves when it's their time
But while I'm still here
I promise I'll live
Baby let's ride 'til we got no wheels

I'm seeing everybody laughs
Everybody cries
Everybody leaves when it's their time
But while I'm still here
I promise I'll live
Baby let's ride 'til we got no wheels

Just like a bird with it's cage just left open
Our life we watch it go bye bye bye bye bye
Like a balloon with no wind
Takes it over
Our life we'll watch it go bye bye bye bye
