

Bastermating

Asher Roth

Quit trying to find another rhymer with my kind of grammar
I spark life with the pen
Too advance for ya'll
My raps are, my raps are unbelievable

I think it's time I play the lotto
I'm feeling lucky sucker, oh well fuck it is my motto
Gotta bring the ruckus smoking nuggets, sip moscato
With roscoe dash while I play his record on serato
Vado's, prolly my favorite rapper since bob dole
Odd flow so I drive slow with my eyes closed
Stop stroll? nah yo I'd rather eat hot crow
Closed throat, gross bro, don't forget to swallow
Hollow, that's what they try to tell me that my rhymes is
So I found God had to tell him what his moms did
WHAT! is this some fucking sick joke?
Like an anorexic chick putting on a strip show
No shit, oh bitch, go and let them nips show
Let me see a pole flip and then throw it back
back bone when I take it back home
Heard I made that ass fat, I'm a fuckin rap pro
Let's go!
