

Finally Got To Me

Ashford & Simpson

I guess it finally got to me (2x)

I was content to be alone
If I was tempted, I'd be strong
I had them hot and cold before
What made you think you offer more

And then you touched me
Lifted me higher
Set my soul on fire
Turned me about and I couldn't get out

I guess it finally got to me (2x)

I was selfish in my heart
I admit it from the start
It wasn't gonna be easy like the rest
Thought maybe I couldn't stand the test

Chorus:

And then you touched me
Lifted me higher
Set my soul on fire
Turned me about and I couldn't get out
And I had to shout I guess it finally got to me
I guess it finally got to me

I guess it finally got to me (2x)

Repeat Chorus
