

It's Not Me (It's You)

Asking Alexandria

Can I tell you a secret
I've been trying for a while but I don't feel it no more
Can I be all out of faith and still be a believer?
I wanna be a believer

All I want is a reason
Just one, it doesn't need to be major
Something to make me feel like our time isn't wasted
'Cause I don't need that shit, no I don't need that shit

No it ain't me
There's something wrong with you
And I don't wanna talk about it
No it's done
It's been real but it ain't been real fun
So long I'm long gone

I thought you were different
That you were nothing like the idiots always around us
That you had a sane head on your shoulders
Now they're all saying "I told ya"

And we're at a cross road
I wish this could be more than a once was
That you didn't need to feed off problems
'Cause I don't need that shit, no I don't need that shit

No it ain't me
There's something wrong with you
And I don't wanna talk about it
No it's done
It's been real but it ain't been real fun
So long I'm long gone

Yeah, I hate to say it, I hate to say it
But someone really needs to
We both saw this coming
There's no sense in keeping on with keeping on, I'm moving on

All I need is a reason
Just one fucking reason
All I need is a reason (So long I'm long gone)
Just one fucking reason
All I need is a reason (So long I'm long gone)
Just one fucking reason

It ain't me
There's something wrong with you
And I don't wanna talk about it
No it's done
It's been real but it ain't been real fun
So long I'm long gone

Yeah, I hate to say it, I hate to say it
But someone really needs to
We both saw this coming
There's no sense in keeping on with keeping on, I'm moving on
