Invalid Litter Dept.

At the Drive-In

intravenously polite it was the walkie-talkies that had knocked the pins down as their shoes gripped the dirt floor in the silhouette of dying dancing on corpses' ashes

yeah, they had plans for him they has spun the last of the pimps polyester, satin nailed jewelry lips while the guillotine just laughed again dancing on the corpses' ashes

paramedics fell into the wound like a rehired scab at a barehanded plant an anesthetic penance beneath the hail of contraband

they had been defected and excommunicated and all the pulses were subverted and they made sure the obituaries showed pictures of smoke stacks

a vivid dissection that mocked the strut of vivisection semi-automatic colonies and a silencing that still walks the streets

in the company of wolves
was a stretcher made of
cobblestone curfews
the federales performed
their custodial customs quite well

callous heels numbed in travel endless maps made by their scalpels

on my way
nails broke and fell
into the
wishing well
