Atari Terror

honey, honey makes me  
if you want to know  
breathhtakingly happy  
envy kills your  
fucking soul  
god knows you're a fucking slut  
do not try to fucking blame me

come to me, your majesty!  
yea, my treasure, i'll love you  
forever!

honey, honey makes me  
if you want to know  
breathhtakingly happy.  
envy kills your  
fucking mind  
god knows you're a fucking slut  
do not try to fucking cheat me

come to me, your majesty!

come to me  
you are so delightfull  
close to me  
you are like the burning torch

leave me alone  
hate you fuckin' all

come to me  
you are so delightfull  
close to me  
you are like the burning torch  
come to me

close to me
