Close Enough to Touch

ATB

```
Big rooms
Packed with people
They know my name
They sing the words to me
But this silence and the crowd is blurry
If I scream out loud would they hear me?
Or will I stay above?
Drowning in my dreams
Circling the crowds

Close enough to touch

Will I stay above?
Drowning in my dreams
Circling the crowds

Close enough to touch

If I chance it all with fate
And I could just let gravity
Fly me safely from the air
Skylines call me
This time I'll be answering
Cuz I'm one soul
But I'm bigger than my body
When I go to sleep

I'll be landing
I'll be landing, yeah

Close enough to touch

Will I stay above?
Drowning in my dreams
Circling the crowds

Close enough to touch
Will I stay above?

Drowning in my dreams
Circling the crowds

Close enough to touch
Will I stay above?
Drowning in my dreams
Circling the crowds

Close enough to touch
