ATB

I've run out of time  
I'm bent out of shape  
I'm barely alive  
Until I see your face  
I hear you got a girl  
Hey does she look like me  
Tell her you're mine  
I can't make believe

You lay on my bed  
I see what you've done  
I know what you need  
And what you're thinking of  
I know what you like  
I can see through the veil  
Until the morning light  
We're gonna break away

And until I feel our time is up  
It's always gonna be enough  
Yeah...

You and me  
We tried to give it so much  
You and me  
Will always stay together  
You and me  
We tried to give it all of our love

You and me  
We tried to give it so much  
You and me  
We want to stay together  
You and me  
We tried to give it all of our love

Your lies will come down  
Your lies will come down and replace  
Your lies will come down and be gone  
Forever tonight...night  
We're gonna get it right

I hold onto hope  
I'm frozen in time  
One hand on the door  
But you control my mind  
Like a moth to a flame  
It's a hard game to play  
In the light of the morning  
I got to break away

And until I feel our time is up  
It's always gonna be enough  
Yeah...

You and me  
We tried to give it so much

You and me will always be together  
You and me  
We tried to give it so much  
You and me will always be together  
You and me  
We tried to give it so much  
You and me will always be together  
You and me  
We tried to give it so much  
You and me will always be together
