

## What Are You Waiting For

ATB

I can't wait - to see the streetlights  
While cruising 'round after midnight  
I can't wait to see you there  
Tonight I'd go anywhere

Waste no time and say  
Here's our hideaway  
This night ain't gonna fade away

What are you - what are you  
waiting for?  
Better give - better give  
A little more  
What are you - what are you  
waiting for?  
Go ahead and make it  
A little more
