

# Believer

Atomic Kitten

I hear the clock, I hear the rain  
I'm all alone  
Why am I here and you are there?  
I miss you so

I wish that you were here with me  
I need to breathe the air you breathe

Cos your blood is my blood  
I feel it in my heart that we'll be together  
And your god is my god  
Your love has made me a believer

All through the night I stay awake  
And think of you  
If love is deep then it will keep  
I know it's true, I know it's true  
I never felt so sure before  
But I don't doubt it anymore

Cos your blood is my blood  
I feel it in my heart that we'll be together  
And your god is my god  
Your love has made me a believer (A believer)

I believe in the way I feel  
I believe our love is real  
I believe in the dream we share  
I feel it everywhere  
I believe in the way we touch  
I never felt so much love

Your love has made me a believer  
Your love has made me a believer

Cos your blood is my blood  
I feel it in my heart that we'll be together  
And your god is my god  
Your love has made me a believer  
A believer, a believer, a believer

Cos your blood is my blood  
I feel it in my heart  
Your god is my god

Your love has made me a believer
