

Whole Again

Atomic Kitten

G

If you see me walking down the street

Emi

Staring at the sky and dragging my two feet

C

You just pass me by

D

You still make me cry

G

But you could make me whole again

G

And if you see me with another man

Emi

Laughing and joking, making the best of this I can

C

I won't put you down

D

Baby I still want you around

G

Cause you can make me whole again

G

Looking back on when we first met

D

I Cannot escape and I cannot forget

C

baby you're the one

D

You still turn me on

G

You can make me whole again

G

Time is laying heavy on my heart

Emi

Seems I've got too much of it since we've been apart

C

My friends make me smile

D

if only for a while

G

But you can make me whole again

G

For now I have to wait

Emi

But baby if you change your mind

C

Don't be too late, cause I just can't go on

D

It's already been too long

G

But you could make me whole again
