Love Is Dead

I feel a cold breath of wind Black sky in mourning-veil I see no worth-living reason Oh no, It's driving me insane Pangs of love Never thought I would feel this way I see your face in every cloud And I say to myself Don't let me, lete me fade away

Love is dead

I walk through desert fields Black ravens surrounding me I have no more jest for life No more, I'm bleeding from inside A once opened heart Never thought I would feel this way I search for any reason or cause Which I could never find So I blame myself for things I don't understand

Love is dead

All my life is pain Drowned in tears Never thought I would feel this way Everyday I die once more My heart turns black Never again safe and warm

Love is dead

Atrocity
