

Press F

Attack Attack!

(No escape, no escape)
No escape from this hell
Oh

I don't even recognize a single place
Take a look in the mirror, can't even see my face
Am I stuck in my head?
(I'm always in my head)
Are they even my thoughts
If I'm a slave to them?

Oh, no escape from this hell
Oh, no escape from my hell

Rot my mind (mind)
Bleeding inside (inside)

I bury the pain of every single mistake that I've made
I exist for everyone to hate
Asleep at peace, an unfamiliar sense
I awake and then the nightmare begins

No escape from this hell
Oh
No escape from my hell

To separate myself from my eyes
Leads me further from the truth
Broken, bent, aged, I am jaded
Mend my body just to... move!

Rot my mind (mind)
Bleeding inside (inside)

(My hell, my hell)

Oh, no escape from this hell
Oh, no escape from my hell

Oh, no escape from this hell
Oh, no escape from my hell
