

# The Wretched

**Attack Attack!**

There's somebody else inside my head  
And he's telling me to give up  
He's telling me to give up  
I'm being taken down from the inside out  
I think I'm gonna die here

I need you now when nothing's making sense

This time is not my perspective  
There's something wrong with me  
I can't seem to agree

Let's face the facts, shall we  
My life, my life will never be the same  
There's no time to make a change  
I'm hopeless, I'm broken  
I'm beaten, bruised and bleeding  
Oh God, where are you now

I need you now when nothing's making sense

This song is not my perspective  
There's something wrong with me  
I can't seem to agree

And I know it's just what you're thinking  
There's something wrong with me  
I can't seem to agree

I've put it all on the line for you  
I've put my life on the line for you  
I've put my life on the line for you  
So why did you say goodbye to me

This time is not my perspective  
There's something wrong with me  
I can't seem to agree

And I know it's just what you're thinking  
There's something wrong with me  
I can't seem to agree
