I Am Sinn

Attacker

Face your hate Face your fate Bleed your tears Bleed your fears

A secret knock
A new world to enter
A secret knock
Hatred has won

Awake slowly rise Decide agonize Shrouds of dirt Shrouds of poison

Enter the light, come from your darkness Nothing you do will set me free Enter my earth, gather your zealots Nothing you say can make me see

Create, decimate
That's who I am
Who am I?
I am sinn
