Yeah they call me Price I need it all I don't do back-in's
I was taught to make a right at every light and always back in
Got so high I blacked out I though my backseat was a mattress
You the type to tap out, lil' bitch I'm tryna tap-in
I know strippers that make millions hittin' poles now
I know some women that make millions with they goals now
I know some niggas that make millions puttin' Flows Down
I know some niggas that make millions bustin' O's down
All that powder got you niggas snotty by the nose now
Pull up spreadin' love, still these niggas still with the scrunched face
Cops killers, now they Innocent from what the judge say
But they tryna wash my lil' nigga for a gun case
I hit the city pull up to the shell and grab some crumb cakes
A lighter and some VOSS water throw a hun' on pump 8
I'm stuntin' for them days mama couldn't fix her front brakes
Steph Curry in a hurry I don't never pump fake
Why the broke lazy niggas always wanna lunch break
I'ma step and do the dash and let you niggas cupcake
I gotta squad by my side that you ain't finna come break
I gotta chain round my neck that you ain't finna come take
You lucky I ain't want ya baby mama cause she talk too much
So much dough I buy that hoe and throw her ass on Offer Up, yeah
Hit the ten east drinkin', pump fakin', that's the devil
Turn the road to twisted metal when I punch the Porsche pedal

Lord that man hated on us, I would not wanna be him
And I am from the 909, y'all wanna be 10's
They fake it 'til they make it now, how do I begin
The last nigga that pump faked, I swatted it outta the gym
I don't fall for it just ballin'
You gotta play then call it
If not nigga stop callin'
Cause I gotta stuff my wallet
I checked off all my goals before twenty-four
I made it past twenty-five now I got twenty more
Ok you see it on TV and then you think it's for the look
They see us shinin' out, but they don't know how long it took
The greats turn snakes when everybody got booked
And everybody wanna eat, but didn't nobody wanna cook
Never stuck around

Took it and bust it down
I switched my number so they couldn't gimme no runaround
I said I do it (now look up)
And I done, done it now
Now I look just how I say it, how it fuckin' sound nigga?
