

Into The Wild

Audrey Horne

Well here we are again, the ship of fools
have sailed and left us all astray.
And twenty thousand leagues beneath us
Lives a beast that never sleeps

Ooh..this doesn't happen to me no, let it go
Ooh,.inside this whirlpool I am now, Here we go

Into the wild.
Flowing like the undertow

Inside the belly of this beast there is a hunger that we can't
contain.
Oh my God I never thought these frame of her could drag me down
this deep

Ooh..this doesn't happen to me no,
Let it go
Ooh..inside this whirlpool I am now,
Here we go

Into the wild.
Flowing like the undertow
