

Found My Place

Augustana

Watch my back
No one will
Waterfall fire kills
And all my life
All my life
I've been waiting
To find my place
I found my place
Found my place
Found my place

Sink or swim
Take me in
Hold my hand
Running through the sand

All this time
All this time
I've finally found my place
Found my place
Found my place
Found my place
I found my place
Found my place
Found my place
Found my place

And all this time
All this time
I have been waiting
To find my place
I found my place
Found my place
Found my place
I found my place
I found my place
I found my place
I found my place
