

I wanna know where your hands have been
I wanna know what your eyes have seen
Did you go between her legs in look up closely?
When did it all begin?

If pussy is all you're after
Bon appetit, all you can eat
May you get it ever after
Will it ever taste as sweet?

I feel colorblind, yeah
I feel colorblind, yeah
'Cause if pussy is all you're after
And all you see, all you see is pink

I wanna know the answer
Only when, when you don't speak the truth, yeah
I didn't see any of this comin', no
Now all I see is blue

If pussy is all you're after
Bon appetit, all you can eat
May you get it ever after
Will it ever taste as sweet?

I feel colorblind, yeah
I feel colorblind, yeah
'Cause if pussy is all you're after
And all you see, all you see is pink

You wanna see me cry, mh-hm
You wanna see me cry, yeah you
You wanna see me cry, mh, yeah
You wanna see my cry
But I don't want to
'Cause I'm not wet for you no more

I feel colorblind, yeah
I feel colorblind, yeah
'Cause if pussy is all you're after
And all you see, all you see is pink
