

## Way I've Been

Australian Crawl

Well there's no need to justify  
sitting back and wasting time  
My position is jeopardised  
Maybe it's time to go

I can party go when I please  
Order Campari's in Japanese  
Greet the Queen on bended knees  
Maybe it's time to go

Cause baby, it's the way,

Way I've been  
Baby it's the way I've been

Well I was talking to Mr. Man  
He said that life's a fated plan  
If that's so the fats in the plan  
Maybe there's no need to go

Well I just don't know  
It's just the way I've been
