

## Like It Hot

Autograph

If you wanna do it, better do it right  
Gotta take it all the way  
Never take a minute when you need all night  
That's the only way to play

You got me burnin' with desire  
Set me on fire with your touch...

I don't want a little bit  
Give me all you got  
I'll take the sugar with the sweat  
Girl, I like it hot, like it hot, like it hot

Baby you're a rocket shootin' to my soul  
Ain't no way I can resist

You're the definition of rock and roll  
Shakin' me with every kiss

You got the candy for my hunger  
I'm failin' underneath your spell...

I don't want a little bit  
Give me all you got  
I'll take the sugar with the sweat  
Girl, I like it hot, like it hot, like it hot

You got me burnin' with desire  
Set me on fire with your touch, your touch...

I don't want a little bit  
Give me all you got  
I'll take the sugar with the sweat  
Girl, I like it hot, like it hot, like it hot

Like it hot, yeah  
Alright  
I like it hot, like it hot, like it hot
