## **Sweet temptation**

Temptation Temptation Temptation Sweet Temptation I feel the flame Burnin' within me I smell the smoke From the fire below I feel the lust Growing inside me And people who eat flesh Consuming my soul I start to shake Hooked on desire I need the rush Of the magic inside I feel the kiss Sweat on my body I burn with the breath From the heat of the night I've tasted sin Can't help giving in Sweet temptation Sweet temptation Can't resist Temptation Sweet temptation Oh no Won't let me go Skin to skin Simple seduction Tasted blood Now I've got to have more No way out Can't find the power It cuts like a dagger I just can't ignore It's easy to tell I'm under a spell Sweet temptation Sweet temptation Can't resist Temptation Sweet temptation Oh no Won't let me go I've tasted sin Can't help giving in
