

# Asleep at the Trigger

Autolux

I'm just studying you  
fold up all over town  
stereo-mindset sucking you down

you're dressed up  
look what you've said  
but left your insides at home  
hit me with your smile again  
hit me with your smile again

dissapear beneath the day  
oh no its still the same  
you make it hard to breathe  
you make it hard to breathe

you miss everything that's in your way  
you miss everything that's good for you  
it kinda gets me down  
it kinda gets me down  
it kinda gets me down

look you think i'm unglued  
but still studying you  
you fold up all over town  
stereo-mindset sucking you down
