

# Slippin

Ava Max

You're not afraid to touch me  
But you're afraid to love me  
Why you scared? 'Cause baby, I'm right here  
You should know you're lucky  
That you can have some of me  
Tell me why you scared  
'Cause baby, I'm right here

I'm not sayin' you're heartless  
You're just using your heart a little less  
I'm not trying to be obsessed  
Just not ready to let you go yet

You're slippin', slippin through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'

Slippin', sippin' through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'

Last week in the sauna  
Yeah, we made our genre  
But then you disappeared  
Baby, I'm right here  
If you want good karma, why you causin' drama?  
I smell your fear, let's get one thing clear

I'm not sayin' you're heartless  
You're just using your heart a little less  
I'm not trying to be obsessed  
Just not ready to let you go yet

You're slippin', slippin through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'

Slippin', sippin' through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'

Slippin', fallin'  
I'm tryna get up now  
I never knew what love is  
Show me that right now  
You know I copped you the foreign  
You know that I'm never boring  
You the one that always ignorin'  
I'm the one always that's callin'

I swear that they prayin' we broke up  
Put it on me like a coaster  
Everyday we gettin' closer  
Stuck to you just like a poster  
Wearin' my heart over my sleeve  
You got your head on my shoulder  
You know that I'm never gon' leave  
I'm in it till it's over

You're slippin', slippin through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'

Slippin', sippin' through my fingers  
And I'm grippin', grippin' on your body  
Where do you think that you're goin'?  
Ain't no one better you know it  
Boy you're slippin', baby, you're slippin'
